Thanthai Periyar Govt Arts and Science College   *Tiruchirappalli, Tamil Nadu*
Percentage - 73.65

Bachelor of Science in Computer Science   **2018 − 2021**
H.H The Rajah's College   *Pudukkottai, Tamil Nadu*
Percentage - 78.19

EXPERIENCE

Senchola Technology Solutions   **Sep 2023 − Dec 2023**
Frontend Developer Intern   *Tiruchirappalli, Tamil Nadu*

- Gained hands-on experience in developing responsive and user-friendly interfaces. Acquired proficiency in HTML, CSS, React, Bootstrap and JavaScript, ensuring a solid foundation in web development.
- Collaborated with cross-functional teams, honing effective communication and teamwork skills. Contributed to real-world projects, implementing best practices in the ever-evolving landscape of Frontend Development.
- I am proud to have received a Grade J1+ for my performance during the internship, reflecting my dedication and commitment to mastering the intricacies of Frontend Development.

Minuscule Technologies   **Jan 2023 − Mar 2023**
Cloud Technologies Intern   *Chennai, Tamil Nadu*

- I worked on a project called "BookMySpace". BookMySpace is a fictional event space booking application built on the Salesforce platform.
- I contributed as a front-end developer for this project, designing and implementing an accessible UI/UX using HTML, CSS and JavaScript, which led to a 20% increase in user navigation speed.
- I visualized and sent a daily report of this project's web design to team members using version control Git.
- As a part of this project, I explored Responsive Design, Web Development, HTML, CSS and Javascript

TECHNICAL SKILLS

Languages: JavaScript, HTML, CSS, Python
Frameworks/Libraries: React.js, Bootstrap
Tools/Technologies: VS Code, Git, GitHub
Database: SQL

PROJECTS

Portfolio Website | *HTML, CSS, JavaScript*   **July 2024**

- I Developed using HTML, CSS, and JavaScript, this portfolio website showcases my skills, projects, and experience. The design is fully responsive, ensuring an optimal viewing experience on any device.
- **Live Link: https://sedhuraman.netlify.app/**

News Blog Website | *React.js, Tailwind CSS*   **Jan 2024**

- I have created a News Blog Website and this web application is used to read daily and popular news using React.js and Tailwind CSS to build this site.
- I have added 80+ News data to this application using API initially. When I developed this project, I explored React Hooks, JSX, Router, Props and API.
- **Live Link: https://new-newsblog-website-gnpj.vercel.app/**
